

SPRING 2024 SAT COURSE — ISP

Digital SAT Exam

Course Dates Saturdays: January 13–April 27

Time 10:00 AM – 12:00 PM

Location ISP

Student Grades Students in 10th or 11th grade

Course Description The Digital SAT has arrived. Bespoke's SAT course guides students through the new version of the test, which was launched internationally in March. At Bespoke, we are developing a multitude of resources so that students can walk in on Exam Day completely prepared. Small class sizes (5 to 12 students) ensure maximum individual attention.

Our course introduces students to the test's structure and content, including the most effective strategies to use. It also discusses test-taking practicalities, such as tech readiness, the Bluebook™ app, and device requirements. Students will gain experience by working through real, released SAT questions and Bespoke's custom-developed materials.

Mock Testing Note that mock tests are a required part of this course and have become especially important given the radical shift in testing format. Bespoke is administering practice tests digitally to give students experience with exam conditions. Thus, students must show up with an exam-ready digital device (e.g., laptop or tablet; more details here). Two mock tests are included in the course fees. Mock tests are administered on Sunday at noon and last around 2.5 hours (including instructions and breaks). Students receive a score report after each test.
